

WHATEVER YOU SAY, SAY NOTHING

[G]Whatever you say, say nothing when you [D7]talk about you know [G]what

For if you know who should hear ya, [A]you know what you'll [D]get

They'll [C]take you off to [G]you know where for ya wouldn't know how [Em]long

So for [G]you know who's sake don't let anyone [D7]hear you singing this [G]song

You all know who I'm speakin' of when I mention you know what

And I feel it's very dangerous to even mention that

For the other ones are always near, although you may not see

And if anyone asks who told ya that, please don't mention me (chorus)

You all know who I'm speakin' of when I mention you know who

For if you know who should hear ya, you know what he'd do

So if you don't see me again, you'll know why I'm away

Any if anyone asks you where I've gone, here's what you must say (chorus)

Well that's enough about so and so, not to mention such and such

Well I'd better end my song, now I've already said too much

For the less you say and the less you hear, the less you'll go astray

And the less you think and the less you do, the more you'll hear them say.
